History

Celebrate Christmas in Victorian style at the Savings Bank, the spectacular independent venue in the immediate south of Glasgow. The Grade B listed building features a host of architectural curiosities from a lost Glasgow, each period of its history leaving a unique mark on the venue. From radical savings bank, to raucous Greek restaurant, to notorious poker den to its current status as a private event space - the Savings Bank is the perfect backdrop for your festive party.

We believe that Christmas should be about giving that little extra, and doing something a little different, so we have decked our halls in Victorian greenery and put together a range of options for private parties of all sizes. Instead of a formal sit down menu we offer a festive small plates menu, we'll also have Christmas cocktails, carol singing and a cornucopia of yuletide treats.
